- The student strength was relatively low as they had multiple challenges to a dot to the transition
- Student feedback was taken on challenges faced during online classes and one of the prime reasons identified was lack of internet connectivity. The lectures to be short and summary of the topic rather than elaborate lectures.

- To ensure that reading materials are shared , e-contents are developed by the faculty members.
- The mode of assessment must be comprehensive and foolproof.
- Data bases must be made available remotely for which the vendors have to be approached.
